

Serge Daho

Cameroon's IGF : August 2013 in Yaounde.

This was the maiden domestic IGF ever organized in Cameroon. PROTEGE-QV was honoured as the head of the rapporteur team.

Africa regional IGF : Abuja, July 2014

PROTEGE-QV's participation was made possible thanks to the APC's travel and accommodation support through the METF.

African School on Internet Governance (afrisig): Mauritius, November 2014

I was a fellow of this intensive five days training on various internet related topics with the aim to strengthening active multistakeholderism participation of african current and emerging leaders on Internet governance spaces.

Online course titled « Internet Governance in Africa : an introduction »

I was also a fellow of this 10-week introduction to Internet governance online course introducing I.G policy and covering areas or issues such as cybersecurity, legal, humanrights, privacy protection as well as development, management of domain names, just to name a few. This was made possible thanks to the sponsorship of both DiploFoundation and the NEPAD.

Stockholm Internet Forum (SIF) : Sweden, October 2015

Our outstanding achievements in the field of ICT4D earned the Swedish International Development Corporation Agency (SIDA) recognition through the invitation to attend this Internet forum expert meeting on « Internet Freedom for Global Development »

Global IGF : Mexico, December 2016

Once again thanks to the APC's METF (Member Exchange Travel Fund), I was granted the opportunity to attend a global IGF in Guadalajara on the overarching theme « Enabling inclusive and sustainable growth ».

Forum on Internet Freedom in Africa : Johannesburg, September 2017

This was the fourth forum on Internet Freedom in Africa (FIFAfrica) ; an event bringing together various stakeholders from across the Internet governance and online rights arenas in Africa and even beyond to deliberate on gaps, concerns and opportunities for advancing privacy, free expression, non-discrimination and free flow of online information.
